JOHS B. GOUGH AT THE ACADEMY.—There is no public speaker hiving whose announcement is received with more enthusiastic favor by the people than the eminent temperance champlon, John B. Gough, Esq., who is to lecture at the Academy of Music, under the auspices of the Young Men's Christian Association, on Thursday evening, the 9th instant—subject, "Curiosity," and on Monday evening, May 13—subject, "Habit."

We are certain that the appropressment of

osity," and on Monday evening, May 13—subject, "Habit,"
We are certain that the announcement of "Curiosity" for Thursday evening will be sufficient to sell all the tickets the first day. This lecture was delivered in Philadelphia for the first time in October last, and was pronounced by those who heard it Mr. Gough's BEST. Since then he has entirely revised it, and it is now said to be the most humorous of all Mr. Gough's lectures. See special notices. lectures. See special notices.

"THE CROWN DIAMONDS" was given with great effect by the Richings Opera Troupe at the Academy of Music last evening, to a large and fashionable audience.

It is being witnessed by another large audi-

ence at the matinee this alternoon. On Mon-day evening Mr. Edward Seguin will receive a complimentary benefit. It should be born ein mind that next week is the last week of the English Opera. English Opera.

MRS. LANDER AS "ELIZABETH."-Mrs. Lander achieved a great triumph in Ristori's Elizabeth last night. The house was crowded with a most fashionable audience, and the lady received flattering expressions of approval. Indeed, her performance last evening stamped her the most eminent actress on our stage. Mrs. Lander is the equal of Adelaide Ristori in the role of "Elizabeth" in all but two points. Lander lacks the optimism of art and the magnificent wardrobe of Ristori. Lander is powerful, faith ful effective, yet wants that artistic impression ful, effective, yet wants that artistic impressive-ness with which Ristori holds us spell-bound. We are glad to know that the lovers of high

We are glad to know that the lovers of high dramatic art are to be allowed to witness Mrs. Lander in her finest role—that of "Elizabeth"—during the coming week.

Mr. James H. Taylor was really fine as "Essex"—only, we think, a little overstrained in the scene denouncing the Queen. Mr. Taylor shared the general applause with Mrs. Lander. Mr. J. B. Roberts, ss "Lord Burleigh," played with his usual care and taste, and Mr. Walcot was good as "Lord Bacon." The rest of the artists acquitted themselves in an acceptable manner.

POLICE INTELLIGENCE-HIGHWAY ROBBERY. Lewis Mackenzie had a hearing before Committing Magistrate Beitier, at the Central Sta-

James Harvey Lentz testified that on Tuesday afternoon he was in the public house of Mr. Patrick Louth, S. W. corner of New Market and Callowhill streets, and that there he formed the acquaintance of the defendant; in the evening Mackenzie escorted witness down New Market street, and on the way the prisoner was joined by another individual; witness noticed the defendant take his watch, while the other man removed his hat; about \$15 in money was also taken; defendant caught witness around the neck, and almost choked him while taking the

Henry Bates, foreman of a shoe manufactory on Race street, testified that he saw Mackenzie have a watch, which he stated he gambied for; when the prisoner was arrested the wife of the accused gave witness the watch, which he handed over to the detective officers; Mr. Lentz

CAUGHT FIRE.—The Delaware River Agricultural Chemical Works of Messrs, Baugh & Son, located on the wharf just above the old Southwark Canal, in the First Ward, took fire in the bone-drying room about 7 o'clock last evening. When first discovered by the watchman, the flames could have been extinguished by the application of a bucket of water. There being nothing of the kind immediately handy, the fire spread rapidly, and the immense building, a wooden structure three hundred feet in length, was in great danger of destruction.

One of the workmen turned the steam into the drying-room, and this had the effect of checking the progress of the flames. The Shiffler Steam Engine was dragged by hand through the passage-way, in the lower part of the establishment, to the river, and drawing water therefrom, the flames were speedily sup-The entire loss will probably reach \$1000. Immense numbers of people proceeded to the neighborhood, expecting to see an extensive conflagration.

CARELESS CONDUCTORS .- Some of the conductors on the city cars are getting almost reckless of the lives of their passengers. On Thursday night at a late hour, a lady, while stepping of a car at Montgomery avenue, caught her dress on the step. The car started, and she was dragged about two lect. Fortunately she escaped un-
